November 2016

Message from Editor-in-Chief

Happy November! On behalf of MAFFAA's Executive Board, **I wish to personally extend our gratitude** for your support and attendance of our production of **Le Opera Noli Me Tangere in Richmond, Virginia** at the Henrico Theatre this past month. Inspired by the past successes in Chicago, New York and Washington, D.C., **we are grateful for this latest opportunity** to bring this important story to mainstream America.

Many thanks to our new partners - **Capitol Opera Richmond** and **KGB Productions, Inc.** for making this production a reality at a most timely juncture in our history -- **the 100th anniversary of the historic Jones Act**, a Congressional act that eventually paved the way for Philippine independence, Asia's first democracy and republic.

With **2017 right around the corner**, we invite you to stay in touch with us in the coming new year! **Call, write or tweet at us!** Our internal team is **looking for new members and partners** who can help us in our quest to bring high arts across all fifty states and beyond!

We look forward to hearing from you soon!

Respectfully,
Patrick Realiza
